

About Us....

We are a consulting firm specializing in administrative and accounting services, established in 2009 by a team of seasoned professionals with extensive experience in international corporations. Our fundamental objective is to impart our expertise and the best practices in business to small and medium-sized enterprises striving to enhance their management.

What sets us apart is our adaptable approach, which seamlessly melds a profound comprehension of International and American culture with an intricate understanding of business dynamics and markets.

From our headquarters located in Ft. Lauderdale, we have successfully served over 300 clients worldwide and across the United States, enabling them to concentrate on their core business activities, while we meticulously maintain their administrative and accounting functions.
